

NEW COLOR of NM-B

cerroMax™
with SLiPWire® technology
Work smarter, not harder

10-3

Changeover NOTICE

When electricians asked Cerrowire to help speed installation and inspection of NM-B, we listened and innovated. Now, we're launching a new color for 10-gauge NM-B. 10/2 remains the industry standard orange. New Cerrowire 10/3 is now pink.

Pink 10/3 NM-B is most commonly installed to deliver 30-amp power from the breaker box to an electric clothes dryer outlet, just like pro electrician Emma in the photo.

Cerrowire color-coding is all about installing the right cable in the right application the first time.

Cerrowire's new colors make the inspector's job go faster too.

The last day to order ORANGE 10/3 NM-B will be COB on Monday September 30, 2024.

New part numbers for PINK 10/3 NM-B go live on Tuesday October 1, 2024.

Customers need to change the 10/3 NM-B part numbers in their system in preparation for October 1st. The SKU table below will help you navigate the changeover.

Old SKU	Old Description	New SKU	New Description
147-1863G	10-3 NMB SOL W/G 250FT COIL	147-18113G	10-3 NMB SOL W/G PNK 250 FT CL
147-1803J	10-3 NMB SOL W/G 500FT RL	147-18113J	10-3 NMB SOL W/G PNK 500 FT RL
147-1803K	10-3 NMB SOL W/G 1000FT RL	147-18113K	10-3 NMB SOL W/G PNK 1000 FT RL
147-1803M	10-3 NMB SOL W/G 2500FT RL	147-18113M	10-3 NMB SOL W/G PNK 2500 FT RL
